Forecast for Sunday 18 Sep 2022

Weather: Any early mist and fog will soon clear to leave a dry and bright although chilly start to Sunday. Cloud will gradually build from the north during the morning, but it will remain dry with bright or sunny intervals still likely. Cloud breaking up again during the evening with plenty of clear spells overnight allowing patches of mist and fog to form in the early hours. Thick cloud arriving in the north of the Park by dawn introducing a risk of patchy rain and drizzle.

Chance of cloud-free hill tops above 600m: 80%, soon increasing to above 90%.

Low cloud and visibility: Poor visibility in any early valley mist and fog, which may briefly cover some slopes and summits as it lifts and clears through the morning. Cloud bases will generally remain above the summits. Very good visibility expected beneath cloud.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

Despite the bright sunshine at times, it will feel particularly cold near higher summits than of late, therefore extra warm clothing is recommended.

Recent rainfall: measured at Neuadd: altitude 353m

Forecast for Monday 19 Sep 2022

Weather: Thicker cloud and patchy light rain will clear by dawn to leave a dry and bright morning. Any early mist and fog will readily clear. Fair weather cloud soon building to give a generally cloudy afternoon with sunny spells and a chance of the odd shower. Dry by the evening and skies will largely clear, allowing fog patches to form more readily overnight.

Maximum wind: Westerly, 10-15mph with gusts up to 20mph.

Chance of cloud-free hill tops 600m: 60%, increasing to above 80% by mid-morning.

Low cloud and visibility: Poor visibility in any early valley mist and fog, which may cover some lower slopes and obscure summits as it lifts and clears by mid-morning. Cloud bases will generally then remain above summits, but may briefly cover tops around 600m during any afternoon showers. Good visibility expected after mist and fog clears and outside of any showers.

Temperature: **Valleys:** Plus 9 Celsius, rising to plus 19 Celsius.
At 600m: Plus 6 Celsius, rising to plus 12 Celsius.
Freezing level: Above all summits.
